DEKKA[®]

All-Weather

Built for Boxes

Primetac™ Hotmelt Machine Tape

Our hotmelt carton sealing tapes are engineered for the perfect balance of shear (holding power) and peel adhesion. Their easy release and quick tack make them ideal for machine length rolls.

Primetac™ Acrylic Machine Tape

Our water-based acrylic carton sealing tapes provide outstanding all-weather carton sealing performance and are built for 100% recycled corrugated.

SPECIFICATIONS

Tape Width	Available in 2" or 3"
Thickness (Hot Melt)	1.6 Mil - 3 Mil
Thickness (Acrylic)	1.8 Mil - 2.6 Mil

DEKKA Tape Heads

Choosing Dekka means being able to adapt to whatever machine is right for your application. Whether you choose your case sealer based on performance, application or financial concerns, Dekka tape heads will provide the same level

of consistency and performance to your case sealing.

Dekka tape heads are all tested on different types and brands of machines, ensuring superior performance at all times and giving you the flexibility to decide what's best for your product.
